July 2026 | Summer community programs, activities and technology help

Welcome to July!
Welcome to July. This month's schedule combines summer fun with practical learning opportunities designed to help members stay active, informed and connected.

This Month at a Glance

July 7	**Patriotic Craft - 10:00 AM** Create a simple seasonal craft in a relaxed group setting.
July 15	**Email Basics - 1:00 PM** Learn how to read, reply to and organize email messages.
July 28	**Summer Lunch Social - 11:30 AM** Join us for lunch, conversation and community time.

Technology Corner

Keeping Devices Updated

Updates often include important security fixes. When your phone, tablet or computer offers a trusted system update, schedule time to install it and restart the device when needed.

Technology Help

Our technology sessions are beginner-friendly. Members are encouraged to bring questions and learn at a comfortable pace.

Community Notes

Monthly Information

The current calendar and meal information are available on the website for easy viewing and downloading.

Stay Connected

Check the website throughout the month for program information, schedule updates and community announcements.

Featured Program: Email Basics

This beginner-friendly session covers opening messages, replying, attaching a photo, deleting unwanted mail and recognizing suspicious messages.

> ***"Learning, connecting and participating make every month better."***

Looking Ahead

August will include Internet Basics, summer activities and another month of community programs.
